

October 1, 2021

Dear Enagic Distributors,

Notification of Additional E-Point Benefits

We would like to express our gratitude for your continued support of our E8PA (Enagic 8-Point Prosperity Association) program.

In order to further improve the E8PA program experience, as of October 1, 2021, E-Points granted to E8PA members may be used for the following new benefits listed below.

- Education Fee Reimbursement (Enrollment Fees for College/University Education, Tuition Fees)
- Machine Maintenance Fee Reimbursement (Deep Cleaning, Repairs, Shipping fees involving maintenance)

If an E8PA member wishes to use their E-Points for the above purposes, they must apply directly to the E8PA Headquarters office via e-mail with the attachments of the application form and receipts.

After the confirmation process at the E8PA Headquarters is complete, reimbursements will be made to the distributor within the range of E-Points held by the applicant (1,000 E-Points=1USD).

When using E-points for educational fee reimbursement purposes, in addition to the E8PA card member themselves and their relatives, all valid E8PA card holder downlines and their relatives are also eligible to use their upline's E-Points. For example, an E8PA card holder will be able to use their E-points to cover their own or downline children/grandchildren's college/university tuition with their own E-points.

We hope that you will actively utilize these new E-Points benefits in the future.

Sincerely yours,

E8PA Headquarters
