ACTIVATION STATUS

Dear Enagic 6As,

Please share this important reminder about active status with your team. As you know, there are four kinds of Distributor Activation Status:

1. **SP / Special Point Status**

- You receive 100% + Special Point Bonus for 8-pt commission. You also receive 100% for any incentives, filter sales and Ukon commissions.
- To qualify, you need one direct sale in the last 90 days or you need to have an ACTIVE Ukon Auto-ship program (DD or Sigma).

2. **D-1 / Direct Sales 1 Status**

- You receive 100% for 8-pt commission but without the Special Point Bonus. You also receive 100% for any incentives, filter sales and Ukon commissions.
- With D-1 Status, your last Direct Sale date was over 90 days ago but still within 6 months from the day. Also, you do NOT have an active Ukon Auto-ship program.

3. **D-0 / Direct Sales 0 Status**

- You receive 50% for 8-pt commission which is calculated without SP. You also receive 50% for any incentives, filter sales and Ukon commissions.
- Being D-0 Status, your last Direct Sale Date was more than 6 months ago. Also, you do NOT have an active Ukon Auto-ship program.

4. **F / Inactive Status**

- All of your commissions including incentive, filter and Ukon commissions will be zero.
- Being F Status, your last Direct Sale date was over 2 years ago. Also, you do NOT have an active Ukon Auto-ship program.

IMPORTANT

1. Distributors can always become SP Status by making a Direct Sale or by signing up to Ukon DD/Sigma Auto-Ship, even if current Status is D-0 or F. 100% of commission will apply from the date of Direct Sale/Ukon program.
2. Distributors must manage Ukon DD/Sigma Auto-ship program monthly payment or renewal.
 - If payment is delayed or missed, you may lose your Status for a certain period. Enagic sends you email notifications, however you have to maintain your own business program yourself.
 - In case of above, your Commission may be cut to 50% or be F status, and you will not be eligible to receive the difference from past commissions even if you reactivate your Auto-ship program.
3. You can always check your status and your downline's status at the Distributor Genealogy Solution. Please use these services that are available to you 24/7.

Thank you,
Enagic
